

ELIJE MÁS RIQUEZA TEQUILA

TEQUILA AÑEJO ELIJE MÁS RIQUEZA

BARREL: Blend of french oak and american oak.
AGE: 24 months.

A is a feast of taste sensations and aromatic harmony that speak to us of its complexity.

The great presence of wood in nose and mouth is persistent. The sweet notes are not overwhelming enough to the point that they allow the Agave to express itself.

The blend between American and French barrels made a perfect marriage since we did not find any totally defined, they were gladly combined creating, among others own notes of sherry or bourbon towards the fruity side. In addition to being an honest tequila when it comes to aromas and flavor, it is a sensitive experience.

Aroma: At first nose, oak, green apple, earthy notes and tropical fruits stand out. As it evolves, the oak is persistent, where aromas of cinnamon, olive, tobacco, praline, cherry and vanilla appear.

Body: Golden yellow color, bright copper flashes. Light body with medium tears fell slowly.

Mouth: The sensation is spicy but at the same time slightly sweet, effervescent and with a medium astringency.

The oak flavor with chocolat stands out, delicate notes of cherry vanilla, tobacco, dulce de leche.

The aftertaste is intense and long lasting.
