TEQUILA BLANCO JH EL TORITO

JH El Torito Tequila is a testament to the artisanal craftsmanship and heritage of El Pandillo Distillery, brought to life by the brilliant mind of Ing. Felipe Camarena. This exceptional tequila is crafted using only the purest deep well water and the most mature, sweet Blue Weber agaves, ensuring a rich and authentic flavor profile. The journey of El Torito begins with the meticulous selection of agaves, handpicked at their peak ripeness. These agaves are then crushed by a modern-day Tahona called "Frankenstein," which imparts a unique character to the tequila. The crushed agave is fermented in a combination of stainless steel and wood tanks, enhancing the complexity of the spirit. The tequila is then distilled in classic copper pots, further refining its purity and depth of flavor.

Indulge in the unparalleled quality and craftsmanship of JH El Torito Tequila – a rare and exquisite expression of Mexico's rich tequila-making heritage.

NOM 1579

DISTILLERY
El Pandillo
